Your gift helps turn every step into progress.

Meridian Health Services

Physical. Mental. Social Well-Being.

Supporting Meridian's children and family programs at the Suzanne Gresham Center and Child Advocacy Center provides a safe, supportive healing space for children impacted by trauma, abuse, neglect, or other harmful experiences.

At Meridian Health Services, we believe mental and physical health are deeply connected. That's why we embrace an integrated approach to care and recognize that healing can happen in many ways - often beyond the walls of a traditional therapy setting.

With this belief at heart, we are raising funds for Meridian's Therapeutic Walking Path at the Suzanne Gresham Center in Muncie. In 2025, the generosity of our community helped raise $21,000 to support Phase 1 of this meaningful project. With a goal of $40,000, we're inviting our community to once again be a light on a child's path to healing by supporting Phase 2 of this project before the end of 2026. Construction is planned for 2027. Your support will help create a welcoming space where children can process emotions, build trust, regulate their energy, and continue their journey toward healing - one step at a time.

Help make Phase 2 possible!
